RALEIGH, N. C., April 21.—(Special)—There has been a great deal of talk about the two bills regarding the three hospitals for the insane, which were passed by the late Legislature. It is positively asserted that both were drawn by Thomas R. Purcell. The bills are extremely defective, so much so that the courts are likely to decide the case in favor of the incumbents.

The Penitentiary Board met to-day. A book-keeper was elected, and the Finance Committee reported; so did the special committee appointed to visit the farms on the Roanoke river. This committee says the farms are well worked, and well up, and the general conditions extremely good; that it will require years to fill the places of the supervisors of these farms, who are to be retained until the 1st of next September. Senator McCaskie, who was promised as his reward for work done in the Legislature the place of supervisor of one of these farms, is here.

BABY BONDS.

State Treasurer—North, in the course of an interview to-day, declared that he warmly favored the issue of State bonds of the sum of \$5,000,000. He said: "They are poor men's bonds. The other are rich men's bonds. North Carolina's are now worth 104 to 104 1/2; 6s are worth 128. I do not think the North Carolina railroads can have as bad a rate to decline much." The Treasurer says he wants the government to retire all interest-bearing bonds and issue greenbacks, and added: "I am a great believer in greenbacks. The government should issue them."
